- 2.2 Notwithstanding the other provisions in the Agreement, the Agreement shall come into force in relation to the supply of electricity only once you have given to us such information and taken such action required of you in order to enable us to obtain, and we have obtained, all authorisations or registrations required under the Act to enable us to provide a supply of electricity to you at the Premises. If those conditions have not been fulfilled within 3 months of the date of the Application Form or Verbal Agreement (as applicable), we may terminate the Agreement in relation to the supply of electricity without any liability by giving notice to you in writing or in respect of an Agreement including the provision of the Online Energy Service by e-mail.
- 2.3 We shall complete the transfer using the relevant supply industry processes, of the electricity supply to the Premises from your existing Electricity Supplier to us as soon as reasonably practicable, and in any event, within 5 working days of the Applicable Date, but that is subject to the following qualifications: -

 - (iii) the electricity meter(s) at the Premises are not of a type suitable for your pricing package;
- In any event we shall complete the transfer within 5 working days of the date on which the applicable qualification(s) of this Condition 2.3 no longer apply to the transfer.
- 2.4 If the electricity meter(s) at the Premises are not of a type suitable for your pricing package, you agree that we shall not be under any obligation to seek registration as the Electricity Supplier for the Premises and where those circumstances come to our attention:
- when we are in the process of being registered, we may seek to withdraw from that registration process; or
 - after we have been registered, we may seek our de-registration and the re-registration of your previous supplier of electricity, and we may terminate the Agreement in relation to a supply of electricity without any liability by giving notice to you in writing or in respect of an Agreement including the provision of the Online Energy Service by e-mail.

- 2.5 Throughout the period of the Agreement you will be the owner or occupier of the Premises, which will be connected to the Distributor's System at the Connection Point.

4. SAFETY AND EMERGENCIES

The supply of electricity to the Connection Point may be disconnected or altered at our sole discretion if we consider it necessary to do so:

- to avoid danger, or because failure to disconnect or to alter that supply would involve us being in breach of the Act or the Regulations; or
- to avoid failure of or interference with our supply of electricity to any other person caused by any failure by you to comply with your obligations under the Regulations; or
- in the case of accident or other emergency affecting or likely to affect the Distributor's System or any other system through which (directly or indirectly) we receive the supply of electricity; or
- if and to the extent that the Distributor disconnects or reduces the maximum capacity of the Connection Point; or
- in the event of any breach of the Agreement by you; and the supply of electricity to the Connection Point may be disconnected or altered on each occasion for such period as we in our sole discretion may consider necessary. Where the disconnection of the supply of electricity to the Connection Point is due to your act or omission, any restoration of that supply may be conditional upon you paying a reasonable restoration charge. That supply will be subject to the variations permitted by the Regulations.

5. TERMINATION OF AGREEMENT

- 5.1 This Agreement will terminate if:
- (a) another Electricity Supplier has obtained the Supply Permissions and commences a supply of electricity to the Premises; or
 - (b) Premises are disconnected because you have ceased to require a supply of electricity to the Premises,

provided that in the specific circumstances set out in Condition 7.4 and in each case, no charges for electricity supplied to you or Green Deal Charges (whether at the Premises or at any properties previously occupied by you) which have been demanded by us in writing remain owing to us more than 28 days after that demand was made.

- 5.2 In the event that you give us notice under Condition 5.1, you accept that the Agreement shall continue in full force and effect until the Premises have been registered in terms of the electricity supply industry requirements (as amended from time to time) for a supply from another supplier.
- 5.3 We may terminate the Agreement and/or disconnect your supply of electricity at any time on giving 28 days' notice of such termination, or at any time on giving you notice to that effect:
- if you fail to pay any amount due to us by the date upon which such amount was due, or
 - if you are using electricity for a different purpose than that for which we agreed to supply it, or
 - if you take electricity at the Premises at a level in excess of the Maximum Power Requirement, or
 - if you become insolvent or go into liquidation, receivership or administration or compound with your creditors, or
 - if our ability to comply with our obligations and duties under all applicable laws, the Licence, the Grid Code and the Distribution Code is adversely affected by your acts or omissions, or
 - if you commit a material breach of the Agreement, and in each case the Agreement will terminate and/or we may disconnect your supply upon the expiry of such notice, subject to us acting in accordance with the Licence.
- 5.4 The Agreement may be terminated immediately by either you or us by giving written notice to that effect to the other at any time after the Authority or the Secretary of State has revoked the Licence.
- 5.5 If you are going to cease to either own and/or occupy the Premises:
- (a) you will give us reasonable notice prior to so ceasing, including the following information:
 - the date you are so ceasing;
 - your future contact details; and
 - the name and contact details of the future owner and/or occupier of the Premises; and
 - (b) on the date that you so cease, you will take and provide to us a final meter reading for the meter(s).
- 5.6 If you give us notice in terms of Condition 5.5, we may in our sole discretion:

- (a) accept such notice and agree to terminate the Agreement,
- (b) not accept such notice and refuse to terminate the Agreement or
- (c) ask you to provide to us proof of such change. If we ask you to provide such proof and we in our sole discretion consider that such proof
 - (a) is reasonable proof of such change we may agree to terminate the Agreement or
 - (b) is not reasonable proof of such change we may refuse to terminate the Agreement.

5.7 If you have not given us notice in terms of Condition 5.5 and a new owner and/or occupier of the Premises informs us that you have ceased to own and/or occupy the Premises, and we accept that that is the case, should that new owner and/or occupier provide a meter reading for the meter(s) in relation to that change, we will use that meter reading as your final meter reading.

5.8 If you are ceasing to either own and/or occupy the Premises and moving to another property, we may agree with you to transfer the Agreement to that other property. To allow such a transfer you may need to agree to new prices, charges and/or terms and conditions.

5.9 For the avoidance of doubt, where you do not supply all the information requested in Condition 5.5 during the notice period, we may hold you to the performance of the Agreement in its entirety. This includes payment for any charges incurred once you ceased to either own and/or occupy the Premises.

5.10 Where relevant, the postal and email addresses for any notice from you under this Condition 5 are SME Contracts Manager, ScottishPower, Business Sales, 320 St. Vincent Street, Glasgow G2 5AD and **contactus@scottishpower.com**

6. NATIONAL TERMS OF CONNECTION

You agree that by entering into the Agreement, you are also entering into an agreement with the Distributor on the terms and conditions of the National Terms of Connection.

7. ACCESS, PAYMENT AND EQUIPMENT

7.1 You will allow the Distributor or any other person authorised by the BSC Company or its agent, the Distributor, a meter operator or us full, free and safe rights of access to the Premises at all times if the Distributor or we think it is necessary to cut off and/or disconnect the supply of electricity to avoid danger to life or property and at all reasonable times for any other purpose authorised by the Act or in connection with the Agreement or the BSC.

7.2 Subject to Condition 7.3, we will bill you (by issuing a valid VAT invoice) and you will pay us the full amount of the charges calculated (including Green Deal Charges, where applicable):

- (a) in accordance with the payment option chosen, and for the pricing package selected, in the Application Form and at the prices applying to that payment option and pricing package as specified in the Application Form, or
 - (b) in accordance with the payment option, and at the price applying to that payment option, as specified in the Verbal Agreement and recorded and detailed in the Letter, or
 - (c) in accordance with such method and at such other price as we may otherwise agree with you.
- 7.3 We will be entitled at our sole option at any time or from time to time to replace your then current payment option with an alternative payment option, and you will pay us in accordance with that alternative payment option, at the price(s) applicable to that alternative payment option, as specified by us to you at that time.
- 7.4 If we increase the price or vary any other terms of the Agreement to your significant disadvantage we will notify you of that within 65 Working Days of the increase or variation taking effect. We may reduce any of the prices and/or charges at any time and from time to time.
- 7.5 If any of the information supplied by you to us and which we use for preparing prices and/or charges is untrue, incomplete or inaccurate for those purposes we will be entitled by giving notice to you in writing to vary, acting reasonably, those prices and/or charges with effect from the date the Agreement came into force.
- 7.6 In addition to the price and/or any charge (including Green Deal Charges, where applicable), you will pay any Taxes other than any tax payable by us on our income or profits. You will also pay such additional reasonable charges as may be levied by us or upon us by the BSC Company or its agent or the Distributor or a meter operator or data collector or others arising from or in respect of the Agreement and/or any other charges or costs in connection with any attempt to disconnect or re-connect your supply or any supply of electricity to you at the Connection Point in excess of the Maximum Power Requirement.
- 7.7 When your payment option does not require you to pay by direct debit or prepayment meter(s), you will pay to us the full amount of the charges (including Green Deal charges, where applicable) payable under the Agreement, within 7 days of the date of the bill,
- (a) in respect of an Agreement other than an Agreement including the provision of the Online Energy Service, by post with a cheque or postal order, at any place which has facilities for receiving such payments on our behalf,
 - (b) in respect of an Agreement including the provision of the Online Energy Service, over the Internet and/or digital television by debit card or
 - (c) as otherwise agreed between us and you.
- 7.8 Where we bill you, if information on the quantity of electricity supplied by us is not available we may bill you on the basis of estimated readings for your likely consumption. When that information is available, we will make the appropriate adjustment, if any, to your next bill. Where you have any prepayment meter(s), if the amount you pay to us by use of prepayment meter card(s) or key(s) is less than the charge for the consumption taken through the prepayment meter(s), you will pay us the difference by our adjusting the prepayment meter(s) or requiring you to pay a lump sum to us.
- 7.9 All payments due by you to us under the Agreement shall be made without deduction, withholding or set-off whatsoever.
- 7.10 If you pay to us at any time or from time to time an amount which is less or more than the amount due (including Green Deal Charges) we may apply that payment as we decide, subject to us complying with the terms of the Licence and irrespective of how you intend or instruct how such payment should be treated or dealt with.
- 7.11 On each occasion that you pay to us in full and final settlement of the amount due an amount which is less than the amount due (including Green Deal Charges), should we accept such payment that does not mean that we agree to that payment being full and final settlement of the amount due. You agree that:
- we can retain such payment as part-payment towards the amount due without the requirement for us to notify you of our rejection of that part-payment as full and final settlement of the amount due; and
 - our retention of such payment will not prevent us recovering from you the amount due which we consider remains to be paid.
- 7.12 We will be entitled at any time and from time to time to set off any liability or obligation that you have to us (including payment of Green Deal Charges under the Agreement) against any liability that we have to you.
- 7.13 We may charge you, and you will pay, the reasonable costs incurred by us in relation to any breach by you of the Agreement, including any costs incurred in recovering any amount which is not paid by you on the date payment was due (including Green Deal Charges).
- 7.14 For the avoidance of doubt, your obligations to pay to us any costs, charges, expenses or liabilities in accordance with the Agreement (including Green Deal Charges and any adjustment to any estimated charges) shall survive termination of the Agreement.
- 7.15 If any charges (including Green Deal Charges) are outstanding from the date of the first reminder we can charge you interest from the date payment was due at the annual rate of 4% above the base lending rate of The Royal Bank of Scotland plc from time to time (or its equivalent if a base lending rate is not quoted by The Royal Bank of Scotland plc) on those charges, subject to us complying with the terms of the Licence.
- 7.16 If the customer comprises more than one person, all agreements and obligations entered into in the

Agreement by the customer are entered into jointly and severally by each of the persons comprising the customer. We may take action against any one or more of the persons comprising the customer and/or may release in whole or in part the liability of any one or more of those persons under the Agreement or grant any relaxation without affecting the liability of the other of those persons.

- 7.17 You will pay to us such reasonable deposit by way of security for payment of any sums due to us by you under the Agreement (including Green Deal Charges) as we, consistent with the Licence, may at any time or from time to time request. If we make such a request prior to the commencement of the supply of electricity under the Agreement, that supply will not start until that deposit has been provided.
- 7.18 You will be responsible at all times for the Equipment on your side of the meter(s) and at your expense will procure that it is maintained in good working order and condition, and is operated in compliance with the Act.
- 7.19 The reading shown on the register of the meter(s) shall be regarded as prima facie evidence of the amount of electricity supplied to the Premises. However, if either you or we dispute the accuracy of such reading, arrangement shall be made for such meter to be inspected and tested under the Act. If a meter is found to be operating within the limits of accuracy required by the Act, the cost of inspection and testing that meter will be borne by whoever disputed the accuracy of that meter.
- 7.20 You must take reasonable care to keep the meter(s) measuring the supply of electricity to the Premises free from damage or interference. If you do not you must pay us for the reasonable costs:
- paid or incurred by us to repair or replace it or them; or
 - incurred by us or any person authorised by us in responding to a request for any attendance due to a failure by you to take reasonable care of the meter(s).
- 7.21 If any amount due in terms of Conditions 5.8, 7.6, or 7.8 remains unpaid after the expiry of the period of 21 days after the date of demand then we (but without prejudice to any other remedies) will be entitled to charge interest on the unpaid amount from that date of demand at the same rate and by the same calculation provided for the calculation of interest in Condition 7.15.
- 7.22 If you are a company incorporated under the Companies Acts, in consideration of our provision of the supply of electricity under the Agreement, the director of yours who signs the Agreement on your behalf guarantees and undertakes to us that he or she shall irrevocably and unconditionally be jointly and severally liable for any and all payments due by you to us under the Agreement (including Green Deal Charges), should you not pay any or all such payments when due under the Agreement. All such payments due by that director to us shall be made immediately on demand as if he or she were you, without

deduction, withholding or set-off whatsoever. In addition and at our sole discretion we may also require the said director within 7 days of request, to provide us with a personal guarantee in a form that we will provide and for an amount no greater than an amount equal to the previous quarter's usage.

7.23 Movement between payment types where charges are not paid

If you do not pay us as required under your agreed payment option:

- we can replace that payment option with an alternative cash payment option and tell you the price payable for that alternative cash payment option; and
- you will pay us in accordance with that alternative cash payment option at the price that applies which will be more expensive

7.24 We will not send you a bill for (or try to recover by your payment method, such as through a prepayment meter) any charges for supplying electricity to you unless the charges relate to:

- (a) electricity that we reasonably consider you have used within the previous 12 months; or
- (b) other charges (for example, standing charges) that have built up during the previous 12 months.

However, we can still send you a bill (or try to recover the charges from you by your payment method) more than 12 months after you used the electricity or the charges were built up if:

- we have been unable to send you a bill or recover the charges for the correct amount of electricity you have used due to your obstructive or clearly unreasonable behaviour (for example, if you have stolen electricity or you have unreasonably failed to give us access to your Premises to take meter readings);
- we are allowed to do so under the Licence, the Act or any other laws, regulations and/or industry documents, guidance or directions relating to the supply of electricity; or
- we have previously sent you a bill or tried to recover the same charges from you in line with this Condition 7.24.

8. THE GREEN DEAL

- 8.1 This Condition 8 shall apply if and for so long as the Premises are Green Deal Premises.
- 8.2 Subject to Condition 8.3, in terms of the Licence we are required to collect Green Deal Charges from Green Deal Bill Payers and remit such payments to the relevant Green Deal Provider (or their nominees, successors or assignees).
- 8.3 Where Green Deal Bill Payers have any prepayment meter(s), any payment we are required to make in

accordance with the Licence to a Green Deal Provider (or their nominees, successors or assignees) in respect of Green Deal Charges that are due but which have not been collected by us on or before the time we make such payment shall in no way discharge the Green Deal Bill Payer's liability in respect of those Green Deal Charges.

- 8.4 Subject to Condition 8.5, we will only collect Green Deal Charges from you that become payable after the date on which our obligation to supply you with electricity at the Premises under the Agreement came into force.
- 8.5 Where you were a Green Deal Bill Payer in respect of the Premises prior to the date on which our obligation to supply you with electricity at the Premises under the Agreement came into force, we will continue to collect Green Deal Charges from you.
- 8.6 If the Agreement is brought to an end, then:
- (i) you shall remain liable for all Green Deal Charges due to be paid to us pursuant to the Agreement and which remain unpaid in respect of the period commencing on the date on which our obligation to supply you with electricity at the Premises under the Agreement came into force and ending with the date on which the Agreement comes to an end; and
 - (ii) where, after the Agreement has come to an end, you continue to be the Green Deal Bill Payer, you will remain liable for the Green Deal Charges.
- 8.7 Where we collect, remit or otherwise deal with Green Deal Charges, we are doing so as agent and trustee for the relevant Green Deal Provider (or their nominees, successors or assignees), save where we are the Green Deal Provider.
- 8.8 You will pay Green Deal Charges to us using the same payment option as applies to your supply of electricity at the Premises.
- 8.9 In collecting, remitting and otherwise dealing with Green Deal Charges, we shall be entitled to use the same processes and remedies to recover arrears of Green Deal Charges that we use to collect any other sums due to us under the Agreement.
- 8.10 Where we collect, remit or otherwise deal with Green Deal Charges, such collection, remittance or other dealings shall be subject to the terms of this Agreement as though the Green Deal Charges were sums due to us for a supply of electricity and we shall be entitled to exercise all of the rights we have under this Agreement accordingly.
- 8.11 Any action that we take, or purport to take, on behalf of a Green Deal Provider at a time when we were not authorised to do so shall, if subsequently ratified by the Green Deal Provider, be as valid as if the Green Deal Provider had expressly authorised that action in advance.
- 8.12 Where the Premises are Green Deal Premises, we

will also advise you of the amount of the Green Deal Charges that you are required to pay to us from time to time and you will pay us such charges on the same terms as you are required to pay us for a supply of electricity.

9. GENERAL

- 9.1 If requested by us at any time you will give to us all the information we reasonably require to enable us to operate the Agreement.
- 9.2 So long as events or circumstances outside our or your reasonable control prevent either us or you from complying with any of our or your respective obligations under the Agreement, other than with respect to payment, we or you, as the case may be, will be excused for such failure. The performance by you or by us of obligations under the Licence or the Act or any other relevant legislation will not constitute breach of any provision of the Agreement.
- 9.3 If you provide us with an email address when entering into a contract with us, we will use this email address as our primary means of communicating with you. - 9.5 We may assign and transfer any or all of our whole rights and obligations under and in terms of the Agreement (including any monies or any Green Deal Charges payable to us) to another party provided they have obtained all the licences and approvals from the Authority or other regulatory authorities necessary for them to supply electricity to you at the Premises. As a result, that party will acquire the rights and assume the obligations as if it had been the original party to the Agreement with you. We will be released from all of our obligations under the Agreement so assigned and transferred, and, from then on, your dealings will be with that party in respect of the rights and obligations assigned and transferred. You can not

assign or transfer any of your rights or obligations under the Agreement without first of all obtaining our consent in writing or in respect of an Agreement including the provision of the Online Energy Service by e-mail.

- 9.6 If you do not pay us money you owe, you agree that we can sell your debt to a third party
- 9.7 If we are required by any court, competent authority or the Authority to amend the Agreement, or need to do so to reflect any change in the Licence or any order made in terms of the Act, we may do so and will notify you of the changes.
- 9.8 In respect of a Verbal Agreement
- (a) the details recorded in the Letter shall be conclusive as to the terms of the Verbal Agreement,
